

Bufotalin Fully Connected Route Graph

ChemEnzy verifier closure to exact compound 11, then Tetrahedron 2025 source-detail route to bufotalin.

ChemEnzy closure exact terminal 11 literature route target

Closure note: ChemEnzy accepted 15/59 exact-compound-11 routes by strict target verifier; chemistry remains planner-level, not an experimental protocol.

Main literature chain: doi:10.1016/j.tet.2025.134610; source-detail extraction produced 15 executable one-step rows.
